Reissue Declaration

The reissue oath/declaration filed with this application is defective because the error which is relied upon to support the reissue application is not an error upon which a reissue can be based. See 37 CFR 1.175(a)(1) and MPEP § 1414. The error relied upon in the reissue declaration (amending the specification to more clearly reflect the composition which is recited in the claims) is an error which does not affect the scope of the patent claims and one which could have been corrected by a certificate of correction. See MPEP 1481 and 1485.

Claims 1-8 are rejected as being based upon a defective reissue declaration under 35 U.S.C. 251 as set forth above. See 37 CFR 1.175.

The nature of the defect(s) in the declaration is set forth in the discussion above in this Office action.

Drawings

Applicant's indication of Drawing changes in the pre-amendment filed on 8/27/2003 is acknowledged, however, no replacement sheets with the indicated changes have yet been supplied. Applicant must supply replacement drawing sheets including the changes indicated by the applicant in the amendments to the drawings section of the pre-amendment filed on 8/27/2003.
